ACO Passavant

Lipumax

Town Square Shopping Centre, Redbank Plains, QLD

Town Square is a new state-of-the-art 27,000 sqm mixed retail development at a cost of \$140 million. The shopping centre has the major retailers Coles, Woolworths, Aldi, Target and 60 specialty stores. A variety of food outlets are also located at the centre, including The Coffee Club, Dominos, KFC and Nandos. The shopping centre aims to meet the retail needs of the fast growing region as well as provide a social destination.

Project Design Brief

Ease of access for grease removal, maintenance and cleaning was a major consideration for designers. It was recommended that each food outlet have their own durable grease separator to ensure other businesses would not be affected if there were an issue with a shared grease separator.

ACO's Solution

30 installed **Lipumax 2000L** Grease Separators with Class B ductile iron cover and concrete collar

Benefits

- A single access point enables easy maintenance procedures compared to other multiple cover options on the market
- The Lipumax body is made from durable polyethylene and provides excellent corrosion resistance properties

Other ACO Products Used

- Floor drains and stainless steel channels
